WELCOME

Welcome, music lovers!

The great JekerJazz festival is back in the heart of Maastricht!
This year, the festival opens in collaboration with
Nederlandse Dansdagen.

On 8 October, we bring swinging live music to the iconic
spiegeltent on Vrijthof. This unique collaboration marks
the start of a fantastic long weekend of music.
Once again, the historic city centre becomes
one big, vibrant stage.

Alongside traditional and modern Jazz, enjoy
stirring Blues, Soul, Latin, Italian music, French
chansons, Americana and Funk.

Come and hear established national and international acts as well as rising local talent! Enjoy a wonderful weekend of music, and perhaps even let yourself be tempted to have a little dance.

Free admission!

Musical wishes,

Team JekerJazz Maastricht

A man with a shaved head, wearing a black button-down shirt and dark trousers, stands in a bookstore. He is positioned in the center-right of the frame, with his right hand resting on a display of books. The bookstore is located inside a large, historic building with high, arched stone ceilings and large, ornate windows. Bookshelves filled with books are visible in the background and foreground. A bright blue vertical banner is on the right side of the image, and a white text overlay is at the bottom.
